

HOCKING Associate of Science

PROGRAM DESCRIPTION

Associate of Science Program

The curriculum for the Associate of Science (AS) degree prepares students to enter a broad variety of bachelor's degree majors with a focus on either social or natural sciences. It also provides students with skills that employers want most, such as proficiency in decision-making and problem-solving, oral and written communication skills, quantitative reasoning ability, the ability to work independently or as part of a team, and the capacity to understand and use different modes of reasoning.

This program is an affordable option for students who plan to transfer to four-year institutions after completing their first two years of study at Hocking College. The degree enables students to fulfill the undergraduate general education requirements of most four-year degree programs and is also recommended for students who have not yet decided the field they will enter or the four-year institution they will attend.

TRANSFER PATHWAYS

Hocking College provides students with the foundation and experiences they need to successfully enter the workforce or transfer to a four-year university. Transfer admission is guaranteed to any public four-year university in Ohio for in-state residents who have earned an associate degree from Hocking College.

Hocking College is also accredited by the Higher Learning Commission as a quality standard that assures Hocking credits will transfer. In fact, formal articulation agreements are in place for many academic programs.

In addition, Hocking College offers a complete set of general education requirements that are guaranteed to transfer to any Ohio public colleges and universities as part of the Ohio Transfer Module (OTM).

For more information about transfer opportunities at Hocking College, visit hocking.edu/transfer-resource-center.

ALL-INCLUSIVE PRICING

Hocking College offers all-inclusive pricing and works with students to assure they have complete college funding, including financial aid, before they start classes. All-inclusive pricing includes the following:

PER SEMESTER

Not included in the All-Inclusive Pricing

\$300.....Learning Fee

\$106.....Parking

\$20......Health Center Services

\$75......Career Center Services

\$75.....Technology Fee

Pricing for housing and meal plans can be found at hocking.edu/residence-halls.

DEGREE TRACK

2025/2026 Academic Year

The AS program is a pathway to the selective admission program and allows the student to complete general education requirements. Upon successful completion of all selective admission requirements and acceptance into the technical/clinical portion of the program, the student's academic program will be changed to the selective admission program.
