

Construction Management: Carpentry

PROGRAM DESCRIPTION

Carpentry Degree Program

The Construction Management: Carpentry program is offered exclusively at the Hocking College Sylvania Educational Site in Nelsonville, Ohio.

The Construction Management program responds to the growing need for individuals trained in construction management and skilled craftwork.

Construction managers are involved in the planning, estimating, scheduling, and execution of a variety of commercial and residential projects.

Opportunities for construction management jobs also exist for those who aspire to manage their own businesses as independent contractors.

Prior work experience and/or completion of apprenticeship programs may result in credit hours being awarded by advanced standing, portfolio, and exam assessment.

Hocking College has established partnerships with Industry Employers. Hocking College's partnership with the Ohio Carpenter's Joint Apprenticeship and Training Trust Fund offers students the ability to get training and advanced apprenticeship credit for those who successfully complete the program.

Examples of places where Hocking College alumni have worked or are currently working include the following:

Tri-State Carpenters • Barton Malow Company • ACP Ohio

ALL-INCLUSIVE PRICING

Hocking College offers all-inclusive pricing and works with students to assure they have complete college funding, including financial aid, before they start classes. All-inclusive pricing includes the following:

PER SEMESTER

\$300.....Learning Fee

\$20......Health Center Services

\$75......Career Center Services

Not Included in the All-Inclusive Pricing

\$53.....Parking

Pricing for housing and meal plans can be found at hocking.edu/residence-halls.
