

Medical Laboratory Technician

PROGRAM DESCRIPTION

The Medical Lab Technician (MLT) Program provides students with the skills needed to collect samples and perform tests to analyze blood, body fluids, and other substances which help other healthcare professionals detect, diagnose, and treat diseases. Medical laboratory technicians possess the competencies necessary to perform routine clinical laboratory tests in areas such as clinical chemistry, hematology/hemostasis, immunology, immunohematology/transfusion medicine, microbiology, urine and body fluid analysis, and laboratory operations.

The level of analysis ranges from waived and point of care testing to complex testing encompassing all major areas of the clinical laboratory. The medical laboratory technician will have diverse functions in areas of pre-analytical, analytical, and post-analytical processes. The medical laboratory technician will have responsibilities for information processing, training, and quality control m laboratory testing is performed.

Students who successfully complete introduction to the Medical Laboratory course are eligible to sit for the CPT (NHA) Phlebotomy Certification Exam. Students who successfully complete the entire Medical Laboratory Technician program are eligible to sit for the MLT (ASCP) certification exam.

ACCREDITATION

National Accreditation Agency for Clinical Laboratory Science (NAACLS) 5600 N. River Rd. Suite 720 Rosemont, IL 60018 | Phone: (773) 714-8880 Fax: (773) 714-8886

Initial Accreditation for a maximum of 5 years was obtained on April 22, 2021. Graduates from the MLT Program are eligible to sit for the American Society of Clinical Pathologists (ASCP) MLT certification exam.

EMPLOYMENT

The average salary for a Medical Laboratory Technologist is \$57,800.

Examples of places where Hocking College alumni have worked or are currently working include the following:

Pleasant Valley Hospital • Conway Regional Laboratory • Arkansas Surgical Hospital • Private & Public Health Laboratories

• Fairfield Medical Center • Camden Clark-WVU Medicine • Hocking Valley Hospital • Ohio Health

ALL-INCLUSIVE PRICING

Hocking College offers all-inclusive pricing and works with students to assure they have complete college funding, including financial aid, before they start classes. All-inclusive pricing includes the following:

PER SEMESTER

Not Included in the All-Inclusive Pricing

\$300....Learning Fee \$53.... Parking

\$20......Health Center Services

\$75......Career Center Services

Pricing for housing and meal plans can be found at hocking.edu/residence-halls.

DEGREE TRACK

The listed degree track is for students beginning the Academic year 2024/2025 who will pursue an Associate of Applied Science in Laboratory Sciences — Major in Medical Laboratory Technician.

The Medical Laboratory Technician program is a selective admissions program. Students are. accepted into the Associate of Science program and are required to complete courses listed under Autumn 1 prior to receiving acceptance into the MLT program.

The AS program is a pathway to the selective admission program and allows the student to complete general education requirements. Upon successful completion of all selective admission requirements and acceptance into the technical/clinical portion of the program, the student's academic program will be changed to the Medical Laboratory Technician Degree.
